

# CENTURY SAFARIS

## TRAILS OF UGANDA

Uganda is home to a number of rare primates and is one of the only countries where you can trek to see the mountain gorillas and chimpanzees in the wild. Hike through the dense and diverse vegetation of Bwindi Impenetrable National Park or the Kibale Forest National Park to find these rare and wonderful creatures. Uganda is wild and untouched and waiting to be explored. Century has listed three itineraries' below where the focus is on the country's colorful culture and its iconic wildlife, the three itineraries are similar in terms of lodges and activities and differ from the amount of days and additional activities.
